Length: 11.5m Width: 3.0m Height: 2.9m
Building area: 33.5m²

Alpicool E7 is the cabin model invited to exhibit the biggest science and technology pageant in China -- the 21st Hi-Tech Fair. Under the clear situation of competing with domestic and foreign technology giants such as Huawei and ZTE, it created a record of more than ten thousand visitors queuing up every day, attracting numerous exclusive interviews from media. Classic double room, room hall design model, large viewing skylight and terrace, supporting hidden projection equipment, perfect for viewing and entertainment.

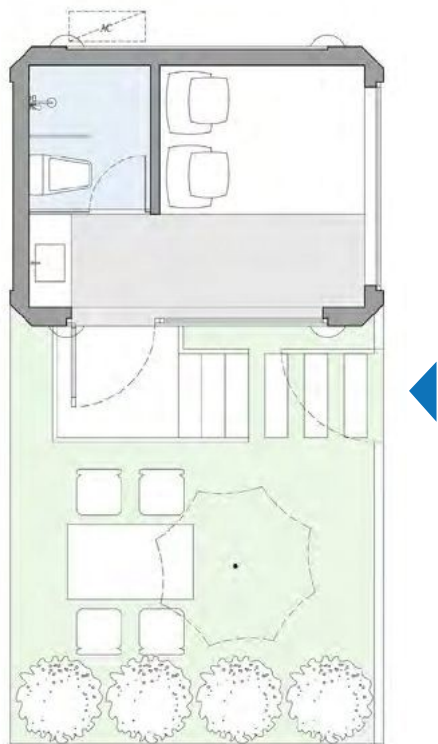

+86-18680577977

Length: 4.0m Width: 3.0m Height: 2.8m
Building area: 11.8m²

The ultra-high cost performance X3 compact sleeping cabin covers an area of 11.8 square meters. The commercial version can also be customized, which is suitable for VR experience shop, cafe shop and other small commercial space.

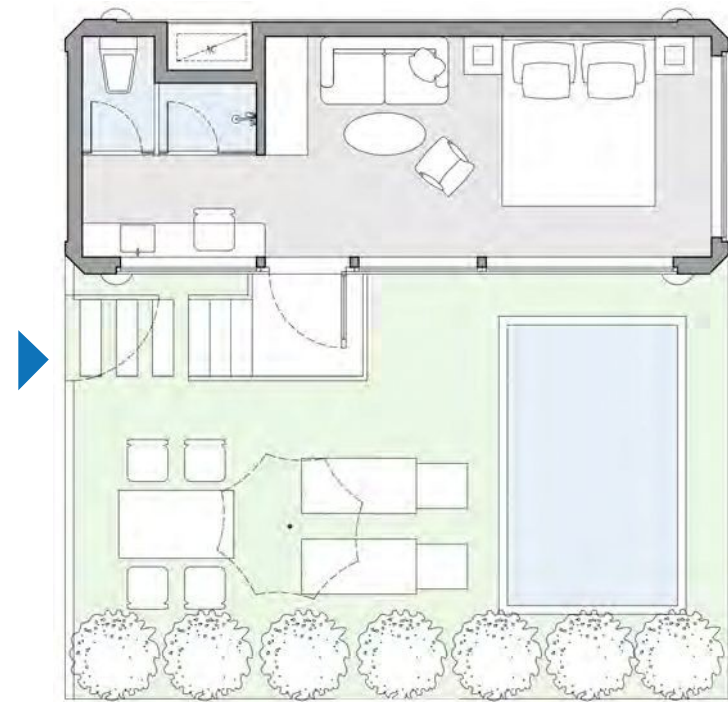

+86-18680577977

Length: 7.5m Width: 3.0m Height: 2.8m
 Building area: 22.3m²

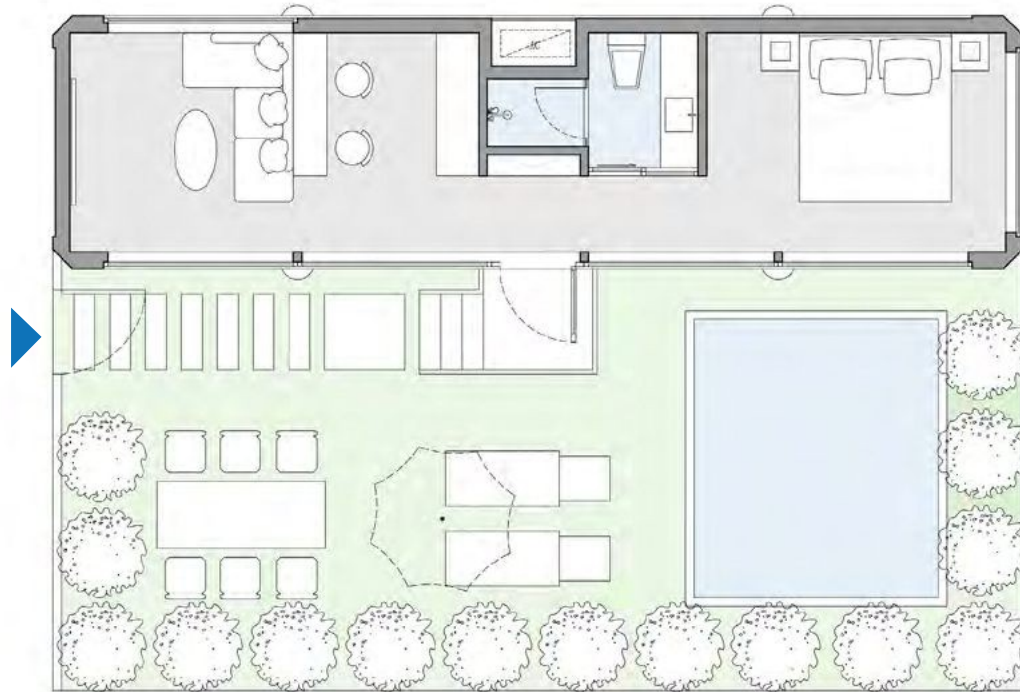

Alpicool dark series model X5 increases the degree of integration between dark tones and surrounding landscape, making it more scientific and technological. The X series maintains the classic curve design of the Alpicool at the corner, and constructs the overall framework with the straight lines. The space utilization rate is the highest among the existing all series, and the ultra-high cost performance ratio.

Length: 11.5m Width: 3.0m Height: 2.8m
 Building area: 34.3m²

Alpicool X7 is the main model of dark X series, spacious space, plane freedom increase, can be used as a double room model, or one room one hall adds open type kitchen to decorate, can satisfy a variety of home stay door model decorate demand. Due to the large space range and the panoramic floor-to-ceiling glass surface, this style can be used as a light food shop, coffee shop, pop-up shop, tea shop and other commercial places.

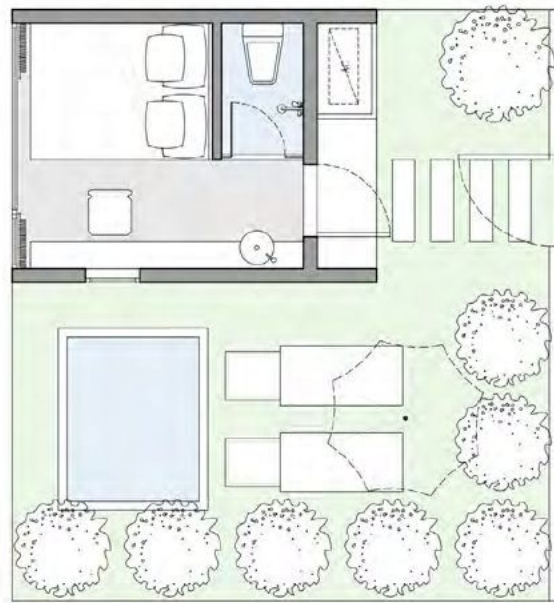

+86-18680577977

Length: 4.0m Width: 3.0m Height: 3.3m
Building area: 12.0m²

Y series is a product with the most competitive price in the market. Alpicool Y3 adheres to the architectural spirit of "small and all-inclusive". In the layout of the internal space, the functional zones are compact but the humanized design features are taken into consideration. The exterior of the house adopts the classic triangular roof design, with dark gold as the main color.

Length: 6.5m Width: 3.0m Height: 3.3m
 Building area: 19.5m²

Alpicool Y5 adopts the classic triangular top design, in style characteristics and Y series in the same vein, but the internal space has been lengthened and widened, the use of the area is increased, used as a large single room, furniture placement of higher freedom. Double sofa or desk can be added. The washroom also comes with the dry and wet separation design, the side daylighting viewing surface is widened.

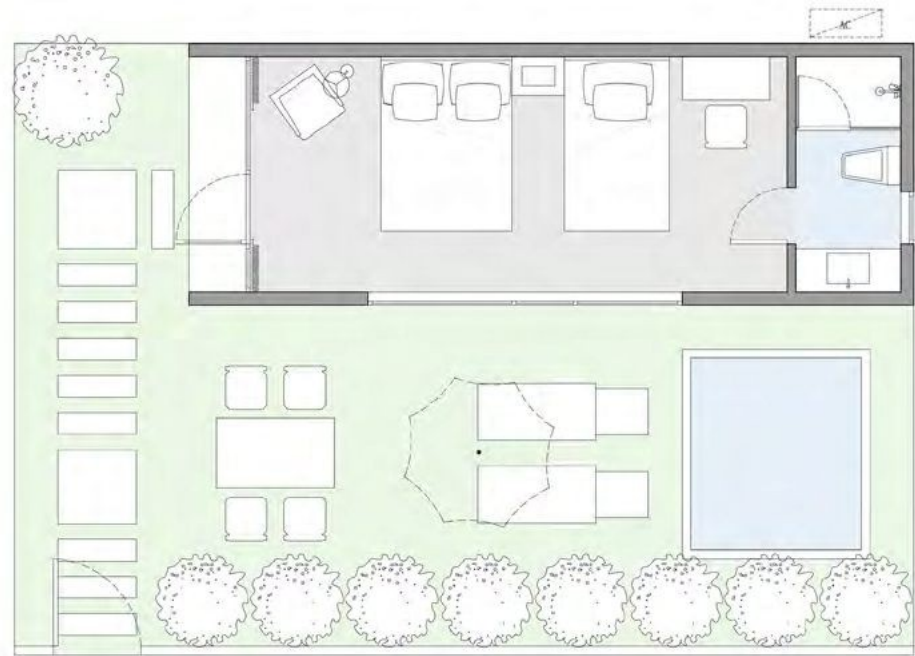

+86-18680577977

Length: 8.4m Width: 3.0m Height: 3.3m
 Building area: 25.2m²

Alpicool Y7 is the model with the largest space area in Y series, besides the washroom comes with the dry and wet separation design, can add space such as double bed, desk office area, leisure sitting room to decorate. Due to the large space range and high visual permeability, this style can be used as a light food shop, coffee shop, pop-up shop, tea shop and other commercial places.
