Owned by the Bühler family, the hotel has maintained its success since 1992. Sans Souci, working together with Carbone Design, took part in the recent renovations. Our designers created a medley of lighting objects for the lobby, meeting rooms, and the large dining room, inspired by the place's invigorating nature.

Established by the Formula 1 racing champion David Coulthard, this polished three-star hotel is a favorite among the famous Formula 1 race drivers and their teams. Tasteful shades of blue and bronze are used everywhere in the hotel, from the lobby to the bedrooms. Moments of design extravagance include the hotel entrance displays with our Bowls installation in bronze nanocoating. Its contrasting colours and metal coating create a powerful eye-catcher.

Our associate at Finesse Art & Design Bureau, Siella Shine, is an established interior designer from Russia and based in Limassol, Cyprus. When she reached out to us, we were pleased to accept the challenge with the offer to participate in one of her ambitious projects. Inspired by some of our exhibition pieces, Siella requested a central chandelier to brighten her unique project's interior.
